Unlike ever single song of today? *Sigh* You really need to explore more modern music and not just look on old music. Sure, the mainstream stuff is crap. But mainstream music is 'not music of today' as a whole. There is tons of good music out there, you just need to find it.

I'm listening to the war zone beginning in my neighborhood for the 4th of July, like it does every year. Good ol' livin' in the country in Washington with illegal fireworks being shot off left and right.

There's no point. There are so many older songs and the chances of finding a good one are much harder.

Which is why I'm listening to music older than me.

I Ran (So far away) - Flock of Seagulls (I have it on repeat.)

That it Could be What it Is, Is What it Is

Stop making shit up, though. Links, or it's a God-damn lie and you know it.

The normie life is heteronormie

We won't know until 2053 when it'll be *really* obvious what he should've done.

I love you.

In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.
