Passing out, getting distracted by two evil future RP posts, working on pointless things, that sort.

Not sure how long I'm going to be awake, either. Might go watch something...

But how does one watch anime and post on on NS? I don't want to have divided attention when watching anime. It isn't the same as pausing a game. :/ But pausing Victoria II does mess up my games badly sometimes since I end up overlooking fatallly important things I would have noticed had I not been alt+tabbing.
