I felt like going on a power trip, and thought to myself "Hey Ell, what nation/faction would be possibly the most overpowered one you could create?" And somewhere in my head the name "The Combine" screamed. So this is exactly wat I'm doing! Pray that the Union doesn't notice you, because it probably won't.

★ **The Plurinational Socialist Federation of North America** ★

"To a world of liberty and equality for all!"

A council communist federation that emerged from the ashes of a period of mass social upheaval in North America.

This nation takes place in a world where humanity is in the early stages of expanding into space.
