The country is in a state of civil war and increasing political polarization.

The Avant-Gardist State of Patagonia ~~~ *Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

The New England Commonwealth controls, in addition to traditional 'New England', the states of New York, New Jersey and Pennsylvania, and in reality it's not much more than a polite front for a donut shop Megacorporation that almost completely controls its economy.

That they are a rather xenophobic nation, to say the least. They refer to alien species as 'menaces', keep sentient species as slaves and sources of food and minerals, and they have committed mass genocide by neutron sweeping a planet. I get the feeling that they aren't really in the business of making friends.

(Given how many other space empires in the Charter Regions of the Galaxy are worse, it's not *hard* to make "friends". We give full citizenship to 3 other species, don't we?) /skip

The country mostly holds territories in what would be Italy, Spain, and Benelux, as well as other islands and exclaves near or on the Mediterranean Sea (and the southern half of Crimea). There's also a British-Irish-Danish union and what appears to be a Nordic-Baltic union.

The papacy controls almost all of Italy -outside of Florence and Piedmont, all of the Iberian Peninsula, all of the Low Countries, Avignon (I think?) and the territories historically colonized by Venice.

Early Sildorian society was characterized by urban development and a semi-complex society, and written communication. These urban developments failed to unite the planet, and Sildorian society remained divided into tribes until an industrial revolution.
