Radiohead - Bloom

I need to listen to that album again.

Modeselektor-The First Rebirth

Ye, so I could rate it on RYM, using it as a quick catalog. I gave it 3.5/5 stars.

TKOL is great, but I haven't listened to it that often.

Never heard of coyotes be me, but there's literally a dog in every house on my block. They were barking like crazy the other night, so loud that I thought somebody was screaming.

Seems like the 2nd half of the album are all some of my favorite Bob Marley songs.

Cats are certainly weird. When I was like 10, I had our one cat jump up on my back and scratch the hell out of me. And I swear they plot to assassinate you all the time. We're cats servants and they are our masters

And man, that was almost 10 years ago now, damn.

Pretty much.

I was looking at an article the other day that basically said that cats are rude and self-centered.

The Velvet Underground - After Hours

I don't like 5-star rating systems.

Clark-Mercy Sines

Edit: Wait, you gave it 3.5 stars? At least it has that option...

Playing random music until I find another album that I feel like listening to.

This sounds really cool with the bass slider on my headphones turned all the way up. ☐

My dad has the Songbird from Bioshock: Infinite as his ringtone.

He used to have the song The Friendly Faith Plate from Portal 2 as his ringtone.
