A traumatized, but recovering, MT-PMT constitutional monarchy consisting of a personal union of Prussia and Poland. A land of rampant gun ownership, governmental schizophrenia, militias with enough heavy weapons to turn an armored division into a badly-shaken battalion of light infantry, and terrified USAF personnel counting down the days until they rotate back home.

Public outraged as SDoD spent 13 percent of their monthly budget on chocolate bars.

I guess Big Brother wasn't very successful in convincing this nation's population to thank them for the increased chocolate rations.

Scientificall- & technologically-advanced left-wing nation, with a pristine environment that just so happens to have dinosaurs (along with other associated prehistoric creatures).

Did you happen to create them, or did an evil person just want to turn people into dinosaurs?

Tens of Thousands of Wireless Checking Systems Recalled Due to Faulty Coding

We encounter similar issues all the time (being a post-apocalyptic shithole), but I hope that explains why they have been experiencing such problems with ninjas recently.
