The threat from these Laotian and Paraguayan navies is still a serious one, but the presence of the French and the English has made the situation more tolerable.

Sinophatic President, Cao Dongmei, announces his intentions to form the Sinophatic Liberal Party. The party will be based on modern day liberalism, globalism, and environmentalism. 53 Sinophatic MPs join the party, about a third of the MPs in the Sinosphere National Parliament. In response, opposition leader Xie Mingzhu forms the Sino Nationalist Party. Despite the name, it's a moderate neo conservative party. 42 MPs join the SNP.

The Capuchin Polity has become acquainted with the horrors of war due to their invasion of the Maldives, aka Pirateville. So upon hearing from Bobland about the possible invasion from Laos and Paraguay, the capuchin tries a new strategy.

The capuchin offers to deliver several ice-asteroids - purified of course - to the respective reservoirs of the two nations, in return for minor trade concessions. Although he is not worried about the meagre navies of the two landlocked countries, he would rather have friends than enemies on the world

stage.

The Sinospheric Empire invades Vietnam without a declaration of war to incorporate the last part of the Sinosphere into the empire. By 9:00AM, all of the Tonkin region and most of upper Annam is under Sinospheric control. Thailand becomes a Sinospheric ally and immediately takes the opportunity to annex Laos and invade Cambodia, annexing the western portion of the nation.

Malaysia (including Singapore and Brunei) under diplomatic and military pressure joins the Sinospheric Empire as an autonomous province (similar to Mongolia, Xinjiang, Japan, Korea, Taiwan, Tibet and Vietnam)

The Korean Governor, Seong Jin-Ae, has formed the Korean Liberation Party. It quickly swept through Korea, and 92/112 have joined the KLP. The Party stands for Korean nationalism, neo liberalism, and centrism. They gained 3 seats in the National Parliament, and are expected to gain more during the upcoming elections. In other news, Xie Mingzhu of the SNP have officially put in his hat for the Presidential Elections.

In other news, Alaska is invaded by Russia and quickly falls. Alaska is turned into the East American Oblast. It's under the direct control of the Russian Military. The Canadian Prime Minister, Keil Armstien, has called the attack "an unprecedented anti democratic move by the Federal Republic of Russia." The parliament, however, has refused to go to war even as Russian nuclear warheads and tanks are mounting on the border.

The Sinospheric advance into Vietnam has halted, with half of Annam being under occupation, instead 1/3 of the Sinospheric army as well as reserves from Japan has been sent to Korea to quell the rebellions, and within three days the Korean Rebellion has been quelled, and their leader's status unknown

The invasion of Vietnam is set to resume in one day, with rumours saying that the Vietnamese Government now in Ho Chi Minh City plans to surrender to the Sinosphere. Phnom Penh has surrendered to Thailand, with western Cambodia being a co-puppet of Thailand and the Sinosphere, in compensation for some Northern Malay states.

The Catalanian-United Europe war finally ends with Catalanian troops breaking the stalemate and utilizing their increased naval power fleet of modern cruisers and destroyers to bomb the European defenses in Oslo and successfully land into the city and overrun Norway. Catalonia secures surrounding military bases of the Europeans in Scandinavia and with the threat to fire hundreds of missiles into Poland, Slovakia, and Finland, the Europeans agree to an unconditional surrender.

Denmark and Slovakia are ceded to the Carolingian Empire. Scania is given its independence as an independent state.

Catalonia officially annexes Iceland, Svalbard, Jan Mayen, Norway, and the Faroe Islands.

The peace deal is signed in the Holy Roman Empire as it serves as a neutral state for the world to conduct diplomacy and affairs.

Catalonia has finally returned back to Europe. With a bang. It also controls its homeland once again due to an ally lending them the territory.
