Wtf is ANs obsession with Doom 1993? Kidnapping someone and harvesting materials from them, be it cyberware or organic tissue for their own use, is punishable by up to 20 years in prison with parole.

The funny thing is that if you piloted really well you may be drafted into the air force in an "Inmate Squadron" (similar to what we see in Ace Combat 7) with a 4 year forced service. You can also recieve 10 years of prison if you refuse plus a 20.000 USD fine.

There is no punishment. Even burning the Pancracian flag or any other flag in the nation is completely legal. It's part of the right of freedom of speech.

Giving that I just talked about this, what's the punishment for burning the national flag?

Depends on the drug. Some medical and recreational drugs are legal, though many aren't. Usually, distribution of the latter could land in jail for up to 5 to 10 years, as well as heavy, occasional fines and community service charges.

Like I said to y'all, be specific with your crimes, or else.

You'd certainly be arrested for doing that, but you'd get pardoned by said-leader for sure. You'd probably be fine (unless it's evident it wasn't an accident).
