Where were the "stop the war" people when the US was invading Afghanistan, Iraq, Libya, Syria, Yemen? Oh wait, they were supporting those wars because it wasn't Russia doing it.

without despair and destruction.

I've never managed to settle within myself where you might be from... at one point I thought somewhere in Japan, at another point I thought somewhere in England. I figured you weren't from Cambridge specifically, but maybe the area? Then again, I also wondered if you were from California, but I scuppered that idea because for some reason it didn't feel like it fit—but I wasn't sure if I could *necessarily* rule out the entire United States, though it's not my first guess... And at the end of the day, this is a lot of guessing based on where your characters are from and live, and that's hardly a guarantee. Your interest in any of these places may be the interest of a passionate visitor or prospective visitor, and I haven't quite settled for myself which places that applies to. But, this thread is about guessing, not overthinking. For the moment, I will guess England—and why not take a further leap into the dark and guess Manchester, if only because it's in (or borders? Not clear from my map) Cheshire.
