An easily recognised flag that shows up pretty frequently - I'm sure that they enjoy a suitable degree of fame. 7/10

Daughter nation of [The Unified Provinces of Rhanukhan](#), originally created during the course of roleplay events back in 2008. The accounts relating to it in Rhanukhan's own factbooks are deliberately vague as the people of Rhanukhan are unaware of many details regarding the island. As such I've established it as a separate nation in order to provide greater insight through its own factbooks.

Seems they are fairly active in F7 as well, though I haven't seen personally or don't remember. I'll say they could be recognized by some if they did post in F7 mostly, so 4/10.

Though the flag is from Hunger Games, the nation itself does not have THE Hunger Games.

NS Stats and Policies are mostly not cannon, working on a Factbook to state what is and isn't cannon.

This nation does not reflect my political or personal views

Little known, kinda infamous, I remember them getting ripped apart in the Security Council for some homophobic remarks, and similarly in NSG for defending a very crass belief of Communism, I'm a Socialist, and I still found it rather distasteful... I don't know them much beyond that, 4/10.

Since they are here since 2006, I'd think they're pretty well known outside F7, but not that much in F7. I think they're new on the F7 Subforum.
