The Independence of Elam from the Persian state was proclaimed on April 15th, 1921. Shortly after, the leaders of the Assembly of Baqemalek established the first government of the new nation, the Elamite Republic on the first of May. The country's nearly bloodless independence was recognised by Great Britain, France, Germany, Italy, and the Soviet Union the following June. The delineation of the borders of the new nation left many ethnic Elamites outside of Elam, and also resulted in a large Arab population within the Republic.

Rafaello Tramonti, also known as the "Lone Survivor", was a Cuban mafia leader around the 1950s and so forth. He was one of the only mafia guys to remain after Castro's purge.

Under Batista's Cuba, he managed to cement his power through extending muscle to his favored politicians and would make a habit in making communists "disappear".

Ultimately however, he made a serious mistakes which diminished his absolute hold in Cuba. Believing the Bautista regime to be weak, he expected another revolution. So to prevent it, he called on the other American Mafia families to put their roots into Cuba and stabilize it.

But there ended up being no second revolution and other Mob families entrenched themselves in Cuba again.

**Kabzeel**, meaning "God's Gathering" in hebrew, is a *federal, dominant-party, socialist(non-marxist)constitutional monarchy* with a rich Jewish heritage dating back to it's creation in 845 CE. Today, it spans almost the entirety of Eastern Europe and is the largest predominately Jewish and female-led state in the world as it follows the doctrine of "Royal Socialism", a paternalistic conservative ideology with an emphasis on socialization, social ownership, and conservative feminism. Its relationship with Israel is noticeably rocky, but this is due to the ongoing complications between Kabzeelian and Israeli Zionism.

I still find it ironic that Emperor was a president. Still, I know now that my original belief that Inkopolitia was a democracy was a mistake - it's a popularly elected monarchy. Still, though, it would seem that the monarch's role is more executive rather than absolute, since the National Assembly is the legislative body of the country. Pacifist, individualist, and they seem to have had the male version of our real-life feminist movements.
