Monkey 3491 was King Alastair III the Magnanimous, we all know what fate befell him.

(He also had three non-royal sons born out of wedlock: Soap MacTavish, Gordon Freeman, and KB.)

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

Monkey 3489 was Duke Claudius I the Great of the original Duchy of Fardschuffelstein, which was within the boundaries of the Holy Roman Empire. He died while leading his troops into battle against Dano-Norwegian and Habsburg forces during the Thirty Years' War.

Monkey 3487 altered Santa Selena's and Southern Tzhelarhaai's canons,

resulting in their users and the mods deleting Monkey 3487 on sight.

Monkey 3483, a merchant working for the Holy Roman Empire, thought he landed in the Carribean when he actually landed on some island in Polynesia. He was killed in a battle with the natives, and the rest of his crew were captured.
