### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

What an interesting detective piece, you seem to have not let your political views bleed into your nation. How wonderful! I'd love to go live in Mologiland! Sounds great!!

To determine where you are from I sort of just have to take a shot in the dark. NS claims you're left-leaning but I'm starting to get the suspicion that it has nothing to do with you, or if it does it isn't anything revealing.

Shooting in the dark, you like the sun, you like islands, you don't hate the heat, I'm gonna guess you're from somewhere in the north than where that would be most appealing. Let's go with... North England! Not quite Scotland, sort of near the border there.

Close, but I live in neither of the two. (But I do live near a border) /skip
