Somewhere in Central Asia.

Saarkon is Central-European-like social democratic federation, formed from small Slavic republics.

I generally use NSStats. Except population. It's always 286 million. Saarkon is MT. Sorry for spelling mistakes, English is not my 1st language.

Currently this nation is under construction because I abandoned it for a year. Hopefully I will return to RPing soon.

The **Free Port of Cristina** is a sovereign city-state, country and a microstate. The country is a free economic zone where companies are taxed very lightly to encourage economic activity.

Currently the date is 1962

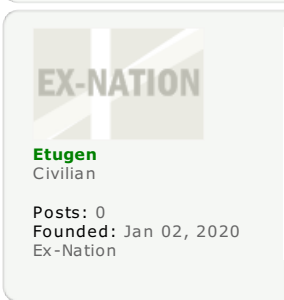

This is not directly Germany
It's a substate of Germany in the Kaukasus

(Of course I don't endorse my nation
It's made for role play only)

Either somewhere in the Balkans or somewhere else in Eastern Europe.

A heavily Touhou-inspired nation. I'd rather not use NS Stats if it can be avoided.
