Metallica - Enter Sandman  
From *Metallica* (1991)

*Dreams of war, dreams of liars  
Dreams of dragon's fire  
And of things that will bite*

*Sleep with one eye open  
Gripping your pillow tight*

*Exit light  
Enter night  
Take my hand  
We're off to never never land*

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

Satanic Warmaster - Cursed Emperor

*A vial is shattered in anguish  
the blood cherished in the glass  
Shall run free once again  
Like years ago in the veins of a cursed Emperor*

*Standing aghast by the rebirth  
the blood runs on the seams  
Soul expurgated by the spell  
of the immense worship to the dark one*

*Once feared mark of Satan engraved  
solely to the chest of the devotee  
a dying memory of a shadow order  
now sown again as a seen for a new temple*

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Electric Youth - The Best Thing

*And youuuu  
And youuu  
Are the best thing that's ever happened to me*

I love this song but it's not the best thing out there. It's not even the best thing by Electric Youth ☐
