"Read my lips. The Americas will be free again."

Unfortunately, your free trial of Free Americas has ended. To keep the
Americas free, you must pay the premium 145\$ secondly subscription that is
most likely a scam and will steal your credit card number.

That, or you could pirate it, but that puts your computer at risk of the
79253837hajdu malware we put inside the game in case of pirating.

I just think Medieval Europe/Vampires/Elves are neat

Ah yes, the great period of time when peasants were forced into effective slavery by the feudal system, the concepts of hygiene and sanitation were nonexistent, you could not expect to live that long, and punishments were excessive and brutal at best - yet you still had to pay taxes. Who wouldn't love to live like that?

Only as a setting, you say?

On top of that, who wouldn't love the stability of the omnipresent threat of war, rebellion of serfs, succession crises, daily border changes, forced religious conversions, and constant civil war?
