Eh, even the math rock band I thought I preferred I'm finding to be boring. Math rock really doesn't do much for me all that often...Not sure anything will be able to top that Battles album.

I dunno, just something about the sound bores me a lot. Doesn't help a lot are just generic like post-rock bands.

Eh, back to not wanting to go through anything. Apparently I feel like doing more music related re-listening when I'm more awake.
