The Faint - *Agenda Suicide*

“ CVT Temp [wrote](#):

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

O Quinto Império de Novo Portugal!
Pelo Quinto Império, com este sinal vencerás!

- it is already written, for those who know how to read it, in the
Bandarra's Trovas, and also in quatrains of Nostradamus. That future
is to become everything"**

"Outside, Digging"--James Vincent McMorrow

I think he's actually using full voice in this one... ☐

Actually it's really awesome. Probably the best option for a closer.

Streaming EP to see if it's worth my time. Can't tell if serious indie-pop or stupid pop-slop. Probably closer to the first.
