A theo-plutocratic city state where wealth is all but literally worshipped, where greed and miserliness are considered virtues, and where everything else is considered immoral and decadent.

As their nation appears to be mostly undercover, and possibly blacklisted by extant governments, all of their operations are held underground, with a privileged few being part of the upper echelons of the nation

I'm going to guess that due to the government's apparent official stance of police brutality as eagerly encouraged, with no sanctions whatsoever, amateur filmmakers have attempted to make a documentary out of it, in order to act as whistleblowers, and not as bystanders.

(Yes, I took the time to verbose it up 🤖 !)

wish I could do that with my factbooks

Many people live within urban areas.

Take NS stats with a grain of salt

The Basics

A **16 civilization**, according to [this index](#).

Radio Kepler 22-b

I'm going to guess that it was originally a screengrab off some low-budget humour series about military exploits in outer space from YouTube - then "edited" through quite shoddy skills, making the seal far too unrecognisable.

Bingo. This is "Kapitan Bomba" (Captain Bomb), a polish cartoon for adults (not for kids, but kids are watching it, too). The action is happening in the Kurvix Galaxy which was taken over by evil aliens. They can only be defeated by Star Patrol Crew, led by Captain Tytus Bomba. He has two privates: Sebastian Bąk and Janusz Sram. They kills aliens and Captain is very vulgar. His favourite words are "Napierdalamy!!!" (Fire at f*cking will!!!) and "Tępy chuj" (dumb d*ck (he uses that words after killing aliens or during talking to his soldiers)).

Someday, he arrived to Kepler 22-B and he decided to be soldier of the Five Nations Army.
