Great tunes.

Most people disregard it after listening to Cross, because it's the last track and you were probably only recovering from the intense combo of Stress and Waters of Nazareth.

The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.  
--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.

A recent compilation album put a ton of Roulé and Crydamoure songs on Spotify and I must exploit this for if and when they get taken down.

Justice vs Simian - We Are Your Friends

A song very much overshadowed by [this moment](#), when this song won the MTV Europe Music Award for Best Video and Kanye West crashed the stage. And then in an ultra chad move on Justice's end, they did it again the next year when they won for D.A.N.C.E over Ye's Stronger.
