Looks pagan. 7/10

I RP as the Holy Catholic State of Portugal.

This nation is an original work of fiction, as are all names, characters and events depicted therein. The views expressed by my characters do not represent my actual views. Any similarity with real persons, living or deceased, is entirely coincidental.

Doesn't look super evil or anything, but it has an imperialist German vibe, and it puts it into the territory of "can't tell if Nazi or not".

It should be obvious that nothing in this nation are my actual beliefs. |

7 or 8/10. That is one fierce wolf.

Zravvisk is the name of our species, but other people commonly call us "Space Dragons".

Don't meddle in the affairs of dragons for you are crunchy and tolerable with condiments.

A day in the Armada isn't too different from a Star Trek episode if almost everyone in the Federation was a dragon and spiritual.

Trying to collect every NS pokemon card. Almost 630 collected.

5/10. Dragons aren't evil. They're just misunderstood.

This nation does not reflect my views, it is just intended to be as evil as possible.
