This nation was developed under the influence of metal

Same for me except for I've severely overplayed Great War, The End of the War to end War and Fields of Verdun while writing the factbooks... Especially the unpublished ones, which were **way** too gory to be published here...

Anyone can take a knife and murder a person, in theory. It's the choice to do so which is stigmatized.

Smell that? Smells like a scammer.

This nation does not entirely express my views. But my sig does!

Pro: Capitalism, free market, Republicans, LGBTQ+ rights, religious rights, Separation of Church & State even though I'm Christian.

Against: Too much government regulations, homophobes, islamophobes, the type of liberals I have in my mind, people on all the extreme parts of the political compass, people that assume all Christians are homophobic and transphobic

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free.
Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
