Ruoska - Narua

sounds like they're singing about narwhals

In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.

Matt & Kim-Let's Go

One thing I've always liked about this band, even if some of their music seems to be too much in the happy realm for me to like that much (that sounds sad), the band ALWAYS looks like they are enjoying themselves in their videos.

So I'm pointlessly going for the goal to post every single one of their songs on this thread. 2 full albums to go, and since it's been a while since I posted anything from The Incident, I'm posting that too.
