Agent Fresco-Tempo

Would probably rate this album an 8.5, like I had said earlier.

It's a funk metal song that has the lyrics "Too many puppies with guns in their hands"

Primus is weird.

Sigur Ros-Untitled 1

An excuse to listen to Sigur Ros and give my final ratings on them.

This songs music video makes the song even sadder.

Sigur Ros-Untitled 2

Probably my least favorite song on the album.

All these songs have titles now but it is cooler to just type them out they were originally meant to be. Even the album is untitled. And there are no lyrics.

The Big Payback
Psycho Realm

*Do you even know the reason for your blastin is'?
It's pointless. you grab your stainless, do your action he stay's
motionless
Because of your error, they label this era of terror
Drop the coke and the mirror keep your nose clearer
The outcome of what you've done shook slums of rivals
From other sides with guns, soldier, and knives
You took one of their lives and finished it
Now they decide they want to retaliate
Find you ass and even shit
In memory of lost souls, in honor of their homeboys
Dying here in south los
Now don't even decide you want to hide
If they don't find who they're looking for, they shoot whoever's*

inside

Your little street family

They drive by your block and shot randomly

You thinks it's best to test

Lead 'em on a quest not cease

And in the end let one of your homeboys rest in peace

"what I believe is like a box, and we're taking the energy of our thinking and putting into a box of beliefs, pretending that we're thinking...I've gone through most of my life not believing anything. Either I know or I don't know, or I think."

I went for rating this album an 8.7. I was going to do a 9 but there are post-rock albums I like more and I doubt I'd rate them much higher than 9.

Sigur Ros-Untitled 7

One of my favorite dark songs.
