Nicki Minaj being on someones music isn't usually a good sign.

Eh...not bad but definitely not my cup of tea. ☐

That's what I thought at first, but it kept growing on me until years later, the genre of black metal (and all its sub-genres) became my true love. ☐

It's an acquired taste. I find bm comforting and soothing for some reason.

Yes, it is weak, but to be honest, it's not intolerable. ☐
I only consider something intolerable when I can't go through the song, and this one I can go through.

No, but you must admit, it can be tolerable enough that you won't stop the song before it finishes. That doesn't mean it's good. It means it's tolerable.

I didn't say I like her. I only said that some of her songs aren't bad enough to go through and not think "oh gawd imma hit the stop button right nao."

Just to show I can, I'm going to listen again to the Atmospheric Black Metal song Magma dislikes.

I have mixed feelings on her music. Some of it is okay, but then other stuff is just awful.

The only thing that makes it intolerable for me is knowing how sick Mavado used to be. Ever since he signed up with We The Best Music Group/Cash Money Records his music has been shitty. Those bastards are fucking up his career.

["Real Killer" - Mavado](#)

This is what I miss from him. He was one of the best artists in dancehall before WTBMG/CMR.

Doing like the longest album possible to get to 10 albums listened to today...not the smartest move.
