Disco Ensemble - *This Is My Head Exploding*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

[Hande Yener - Ya Ya Ya \(Ya\)](#)

I'm still unsure whether it was three YAs or four. Nowhere is specific about it. >.>

We do not speak Arabic, are not in anyway related to Arabs, and are separate from Arabs in every way, both in real life and game-wise. Calling us Arabs would be the same as bringing under question our legitimacy.

[Burial - Loner](#)

Good music, but I wouldn't call it dubstep. More a mix of dark techno and drum & bass, if you ask me. Very atmospheric, I like that.

I think it is more like Dubstep before it was bastardized by "brostep", also known as "Modern Dubstep"

Only song I really know in the original Dubstep realm is [this](#).

Kayo Dot-Lethe

I'm going to go through these guys in preparation for their new 90 minute album that I've enjoyed every single song of so far that has been put out.

I don't even identify "brostep" as "dubstep". Most brostep is just pumped up electro-house.

Kayo Dot-Rite of Goetic Evocation

This bands crazy (or more like the head guy, since he seems to write all the music). Since 2010 they've released an album every year and this year they have a 90 minute one.
