Monkey 7101 attempted to revolt against the Soviet government, and was executed. There are suspicions of the next 55 monkeys also being a part of this movement but so far there is no proof.

TETRADIMENSIONAL OVERWORLD isn't my IC name. This nation is pure unadulterated nostalgia, deal with it. Did you know that I wasted 400 million plus seconds of my life and you wasted more? Well, if I could go back to any age, I'd go back to the time when I was 11. Great times indeed. I'm an anti-communist, but I do love me some Soviet music.

Late childhood is the best part of childhood -- change my mind. People below 10 are in blissful ignorance so I'd rather avoid that. Blissful ignorance is not true happiness

7096 committed suicide after realizing that Fatatatutti isn't communist, since she had spent a lot of money to move there for ideological reasons. Why did she assume they were communists? Because their flag is just a hammer and sickle on a red background, what else could they have been?
