Western Australia completes the building of the first underground city, Subterranea. These subterranean settlements are built as preparation for another nuclear conflict between Bobland and the G.A.R. Meanwhile in Bobland, Washington DC, Los Angeles, Dallas, and other major metropolitan areas are being rebuilt, to cope with the number of pouring survivors from affected areas of the Mongol nuclear strike. As hundreds of survivors from those areas are moving to Omaha, Indianapolis and Columbus, the few remaining major cities in Bobland is being expanded, particularly Omaha.

Bobland and Mongolia/GAR can never have nukes ever again as per the thread's mods (not NS mods)

The GAR sends an ultimatum to the SEA nations: Union of Upper and Lower Burma, Rahmanland, Kachin, Shan Republic, Rakhine, Chin State, Kawthoolei, Kayah State, Mon State, Wa State, Thailand, Laos, Vietnam, Cambodia, Malaysia, Singapore, Sarawak, Sabah, Brunei, Indonesia, Philippines and East Timor to join the Golden Asian Republic with high autonomy, or be forced into it. They have a week to respond.

The GAR considers sending the Ultimatum to Papua New Guinea but due to their limits only extending into Asia they don't know whether to incorporate them too.

Western Australia and The Republic of Slime requests assistance from the Bobland for materials in order to boost the subterranean city projects that both countries that are embarking on. Bobland has interests in the 2 countries' projects, and so they embarked on their own project, which is to create a series of undersea bunkers the size of 6 football fields that will be build in the Gulf of Mexico, dubbed Project Mole.

A man vibing watching this unfold, he is tired of seeing this over and over again. Chaos, death, destruction, and pain. He discovers this world is controlled by gods who control their actions and creating this mess, he feels sad because none of the things he can do can make a change happen. The man sighs sadly and spreads the word that higher human beings are killing them for their amusement, and provoking chaos and pain to them. No one believes him and treat him like a weirdo. The man looks at the sky begging for this to stop, he can't cope with all of this chaos and begs the gods to stop.

Rock falls on man and the whole Peninsula of Yucatan disappears. *Let's goooo*
