Not expecting much from this new single, but I'll give it a shot.

You know, Nicki would be pretty good if her music didn't sound so freaking typical. If she were on some underground or alternative shit, and stepped up her lyricism, she could be fire.

Wow...that's just...

It's so horrid it's hilarious, like that Hello Kitty song from what's-her-name.

St. Vincent – Digital Witness

She performed this song on SNL last week. It was awesome. :3

My dad was talking about that, and how everyone was all talking about how weird she was and blah blah blah. When someone interesting starts getting mainstream appeal (Lorde and St. Vincent), it's sad to see how many people think it's so weird and creepy and blah. A bunch of people were talking about how creepy Lorde's Tennis Court video was, and how weird she is because of how she gets into the music and everything, and I'm just like...She's much more interesting because of how she gets into the music, and her video isn't very creepy at all...It's kinda creepy in it's own way, but not majorly so, and it's some cool artistic expression....It just saddens me seeing peoples responses to this kind of thing

It is quite sad. It's a shame how the masses don't appreciate their 'off the grid' artistry. It's much more interesting to see Lorde and St. Vincent perform that any of these pop singers out there. Aand that probably sounded totally hipster, but it's true.

It especially baffles me that people think the Tennis Court video was creepy...

*This is that guerrilla flow*

The hook is corny as hell but I love the lyrics in this.
