Nehhh. Not a huge fan of the idea of just living in Africa. I prefer temperate climates.

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

No. It doesn't sound terrible, but being sandwiched between Iran, Russia, and Turkey really doesn't sound all that fun.

133,940 hugs a year translates to one hug every 4 minutes, which is a little too higher than optimal, so I'll pass.

(BN: Please don't use the employment and taxation stats :P)
