Bobland decides to yolo it and blitzkrieg the two islands. It worked but at the cost of 50K casualties. Boblandish troops seized weapons that they thought were from the two islands but upon closer look, they noticed that they were from Montana and Ilirida. Boblandish troops decide to take these weapons for future use.

Also yay I did the foe.

Gansu finally, *finally*, rises up to the surface and comes as Gansu.

Gansu proposes an alliance with Liangguang.

The New Republic of China accepts an alliance with Gansu, and has stated that it will support any military campaigns in Western China, especially against Ningxia, Inner Mongolia ([which occupies the rest of the Greater Ningxia region](#)), and Qinghai.

Meanwhile in northern China, Hebei annexes Beijing and Tianjin and immediately aims for Dongbei and the former Inner Mongolia region: consisting of Liaoning, Jilin, Heilongjiang, Dalian, Rehe, Qahar, Suiyuan cliques in addition to a union with Shangdong and Shanxi cliques.

The New Republic of China (referred to as Liangguang) now focuses on invading Zhejiang, Anhui and Nanjing.

Mongolia and Tibet sign the Ulaanbaatar-Lhasa Agreement, which is a defence agreement which promises the protection of their sovereignty when any cliques decide to reincorporate them back into China. Mongolia, feeling confident, annexes Tuva, and begins planning an invasion of Xinjiang clique with Tibet.

That appeal is considered but is in jeopardy due to their alliance with the New Republic of China, aka Liangguang

The Fascist rebels in North Dakota declare the Empire of Bismark, but it is short-lived as it is forcibly reincorporated into Montana. Feeling confident, Polecat-Lithuania and Laos expand, Polecat taking all of Czechia and parts of Germany, and Laos taking Indochina. They also invite Catalonia to be a co-leader of their alliance, along with the Paraguayan State, which now controls Paraguay, south to Santiago, north to Lima and Brasilia, west to the Pacific, and east to the river Uruguay. Uruguay, under Paraguay's sphere of influence, is allowed to exist. Tierra Del Fuego unites with Bobland, and Granny Colombia joins the Algerbil Alliance. Bob the Builder, the ruler of the Boblandian nation, warns the gerbils of the imminent war. The gerbils respond by annexing Madagascar, a strategic location.

The territory of the Baluch federal kingdom expands and takes over the Hejaz region in Saudi Arabia, however their african territory (which is still a colony at this point) loses its southern lands.
