"What is... genderbent? I have to admit that all this talk about gender is profoundly confusing to me."

(Whispered conversation with Balmothere)

"Oh. Okay, the idea of gender and sex is rather anachronistic among our kind. The idea of somebody being a gender that does not match their biological sex is simply... not a logistical problem for a race that can change their shape and genetic sequencing largely at will. Familiarity with our bodies and those of others is an integral part of our education and social interactions, and so it strikes us as an unfortunate flaw of technological civilization that such an idea should even be such a difficult concern to address. This is part of the true power we learn in becoming on with the True Way. You can be what you truly wish to be, and nobody thinks less of you for such desires." -Achaedus

EDITED: FUCKING HELL I BEEN NINJA'D BY A DAMNED 'PENDING'

Rapture: "By the Teachers, I doubt that I've ever witnessed anyone who I would both agree with on so many things, yet also have cause to despise on so many others. Forcing others to adapt to your cultural mores? Relying on religion to determine 'proper standards of behavior'? When I see such things in combination with the ideas of meritocracy and adaptability I find myself becoming fully aware of what it actually means to feel 'torn' about someone. At the very least, I thank you for that novelty." - Achaedus

OFFICE OF THE PREMIER

Regarding General Achaedus.

If you'd asked me, Achaedus needs to be showered in Holy Water and burned at the stake for good measure. To slay millions of people in defence of

anything besides the faith is more than questionable.
His status as a national leader and leader of an unholy
tribe is even understated by his Prime Archivist who
assumes most, if not all necessary responsibilities.

If the Achaedus and his people must continue to
exist, they must be Christianized, or a further million
will die at their hands.

Thanks for the response previously, but just a very slight correction, if you don't mind. ^^

Valentina isn't gender or sexually confused. Genderbent, by definition, just means that Valentina is a female counterpart of Valentijn from another

dimension. That is, while Valentijn is a man, Valentina is a woman version of him, from another dimension. Hope this clears things. Now then, onto the opinion!

I must say that I can find absolutely nothing about her politics, however, there are worse things than for a monarch to retain a veneer of bipartisanship.
