What if the British were half-hearted in providing self-government to their colonies? Here we take reference to what could have been the separate states of Singapore and Malaya and how economic progress is used as a smokescreen for a lack of true political freedom for the lower classes, a continued economic inequality and a mix of racial and religious tensions amidst a backdrop of rising nationalism.

Gauche Quebecois. All the other ones can go burn in hell or something.

BN: We use MMP, so choose one party you'd vote for FPTP and one for PR.

Edit: Turns out AN literally just uploaded a new party that I find semi-acceptable outside of it being anti-immigration, so Socialist Nationalists can like maybe not burn in hell so much.
