Coheed and Cambria-Welcome Home.

I like the music parts of this song (Heard the guitar part in the 9 trailer).....I don't really care for the vocals. Honestly, the vocals ruin it for me. This is why I lean so much to instrumental music lately

[Swans-The Sound.](#)

I really do need to dig more into these guys.

Edit: Still have no idea why the Soundtracks For The Blind album was taken off of Spotify, so I have to use YouTube to find the songs now. It's even weirder with the fact that a lot of their stuff is still on Spotify, but that was taken off *Shrug*

California Uber Alles, Dead Kennedys.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

You should probably try some of Swans' post rock albums. Soundtracks for the Blind is more like a really long mixtape.

To Walk Alone, Kylesa.

I probably will. I'm quite digging this album however. It's pretty good as well. Some of the songs ON this album have a bit of a Post-Rock feel to them as well, though.
