The sounds of silence.

Literally.

If you are not a liberal at 20, you have no heart. If you are not Conservative by 40, you have no brain. If at any point, you are not a moderate, you don't know enough about history.

Politics are like a tug of war. Opposing sides constantly pull back and forth, but no matter who wins, everyone gets dirty.

Newton's third law? It applies to history too. Everytime one group takes a radical action, an opposite but equally bad group makes a violent reaction.
