Probably more catchy than any song of this type should really be,
but you know fuck the 'kvlt' crowd.

Are these "human rights" in the room with us right now?

Pigs (Three Different Ones), Pink Floyd.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
