It's an Eric Clapton compilation disc, it follows him through Cream, Blind Faith, Derek & the Dominos, and his solo stuff

JJ Cale cover or Clapton's original song? I don't know anything from Clapton other than Layla.

Cale actually wrote the song - Clapton's version is a cover. After Clapton's version became a hit, Cale recorded it again

Interesting. I've only heard Cale's version and I love it. And yeah that's what I was trying to say, cover or original song that happens to have a same name. ☐
