Geez, I listened to a lot of songs within the duration of 3 months (or however long Part V lasted). And not many of those were repeat postings of songs, either. Mostly new stuff...

This year in the What Are You Listening To? threads has been insane anyway. I remember moving on to like the 3rd thread earlier in the year, and no we're on 6.

Of course, it is no TET...

Passive is their best song.

A Perfect Circle-Imagine

Just realized that this was a cover of John Lennon's song. Just realized how much I like the lyrics and they fit for what I was thinking about earlier when I was thinking about stuff that was pissing me off.

[Show Spoiler](#)

Seems very appropriate for Maynard to sing about this, based off the lyrics of some of his other songs.

And to Luveria, Passive comes up on this album soon, so I'll listen to it soon

Hmm, I have this is metal, but it isn't very metal. There's some metal but it feels more like rock.

They're classified as alternative rock and alternative metal, so it makes sense.

Yeah. Passive sounds closer to metal. Pet does, as well.

I stand by it being both, because it seems somewhat alt rock, yet not quite alt metal enough to be alt metal, so it is both.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
