/reserved DEFINITION:

To reserve a post as to prevent being ninja'd. This is especially useful for having posts that may take effort or a good portion of time to make, as there is a greater chance of such things being ninja'd than a slash and a word. Only practical in some threads compared to others. The idea is to put /reserved first and edit it once you have a proper answer. As such, you are not ninja'd. BN will do you as long as you eventually edit your /reserved into a proper post.

U.S.S. MISSOURI

1944-1992

— □ □ □ □ □ □ □ —

The "Mighty Mo" is an *Iowa*-class battleship built for the United States Navy during World War II.

She is particularly notable for being chosen by General Douglas MacArthur for the Japanese surrender ceremony at the end of the war. She earned three battle stars during World War II, gained another five during the Korean War, and then was decommissioned in 1955 for over 30 years before her refit and brief six-year recommissioning in 1986. She is now preserved as a museum ship.
