Nothing about the flag really gives any indication as to 'moral position' from a normal flag/general design standpoint, at least to me. 3/10

5/10. Eh. Not evil, but also not not evil.

- Russian Empire -

The Russian Empire is a fascist nation without a Tsar (at least for now), but

rather an "imperial leader", a hybrid of an emperor and a fascist party's leader which is also head of state. Currently, the country is a strange combination of fascism and capitalism, with business prospering in the nation, although the main intent of these profits is to benefit the state. Currently, it has puppet regimes across Eastern and Central Europe, the most notable being the [Holy Roman Imperial State](#).

Hmm. Knowing it's Val I'm really, really pulled towards saying 0/10. But going off of just the flag?

If it's Val's regular flag, easy 0/10. If I'm going off of the person in Val's current flag... hmm. Honestly *possibly* 1/10, but it's really hard to tell - it could literally be anything from an 7 to a -1

You're welcome to telegram me any questions you have of the game. Unless I've CTE'd (ceased to exist) - then you physically can't do that.
