The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

"Not particularly evil outside of context of the French Flower thing. We always talk about the British for Imperialism, but we also forget about the French.

Regardless this is neither here or there. So I give it Kitten Overlords(2)/10"

"Rumors of CFC affiliates building superweapons in orbit over Earth is fake news. Watch groups have corroborated this even though it would be to quote the BoD "totally rad."
