BN can find my political parties in either dispatches or by clicking "government/politics" and clicking the "political parties" link.

Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

Lescaarch Farmers' and Agrarians' Party (I was going to pick "LEXARIS 3000" but 'progressivism' didn't stand out for me...)

Congress of the People looks closest to my own ideology, but they don't seem very credible with only one seat so I'd probably go for the Democratic Alliance unless there's some form of transferable vote.
