"Truly a remarkable, well-thought out, and structured opinion of myself. It makes me question even more how the likes of you got the position of "Grand Emperor" in the first place. Although I probably question as your species of human seems to be only come up with petty insults when commenting on anything...But even with that said, it just begs for more questions regarding how your people survived to the present day.."

Yes it is a decisive victory for his side, however, it is a victory that was executed swiftly yet it ended in a bathetic manner. Civil wars are heartbreaking as warring parties tear communities and families apart, and Antioch's achievements fall flat and the tone of the civil war is devoid of the heartbreak and atrocities that all modern wars are notorious for, and rather lopsided the story of the civil war when I think about it..."

Don't even get me started on her 'reclaiming lands lost in the war'... that's a great plan; follow a devastating war with yet another that your army is not capable of fighting. It makes me wonder where the both of us stand, she seems to be interested in me for her experiments. I'll allow her to do this as many do, of course after she heads my warnings, I'd hate another bloody mist scene due to the rejection of the soul, it's a hell of a gamble.

But truly I find her interesting as her curiosity is boundless. Which is always pleasing to me, it's just a shame she is leaning face first in a more evil manner which makes me trust her less, especially after slaughtering those that decided to experiment on me for my immortality just to have more people looking to do the same. Its quite a honor, it puts me on guard and makes me ready for just about anything. Symbol of the Directorate

The Statement on Luden

"Seriously, it seems that Low Bloods has changed leaders several times, but instead of elections they perish in one way or another - we start to think if it is a curse or something. Some of us still somehow remember Oni, while others wonder what happened to the so called "First kind of corpses". Anyways, let's get this over with, Luden."

"So, he was just a normal combatant until he was able to survive being riddled by bullets several times? We can imagine what the faces of soldiers were when they took you to be a prisoner. Either way, those experiments sound pretty terrible - imagine not being able to see and forgetting what you are. However, most people would have probably just gone insane from such experiments, rather than being healed in their new form (similarly to the Russian sleep experiment creepypasta). Hence, it is still weird to see that he ain't in a mental asylum. And he broke out during the war with Rapture? If we remember correctly, Low Bloods had a nasty war with them in the past, and if the First king perished, it seems that someone like you could be a good replacement."

"As for what goals he has... Several shady types want you dead? Well, that is helluva of a poor luck. It is good that he wants to pull out those figures from the shadows, but we aren't sure why he would bother with adjusting them - if we were in your position, we would have got rid from them after we would have pulled them out from shadows. We also commend his efforts in trying to make his land more habitable to its citizens, and sending military to explore the unknown regions - hey, at least they have something to do in peace time. As for lorescribes, yeah - they are pretty useful. Overall, we are neutral on him with slight positivity - our default state."

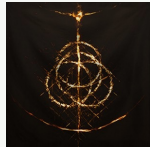

"No wonder why some enemies thought that you had a bad omen, because you really look like an abomination of a sort, almost like a result of an experimentation. His interest about cursed weapons and enhancements is pretty cool, and while him serving the demon king during "The War Of Beast And Man" might seem strange at first, it all makes sense when you connect the dots."

"My lord, you sure did read up on my file, Im impressed with your assumption and speculations on where my story along with the Lowbloodian history starts to convolute.

You see time is convoluted in general with our nation, notice time stamps arnt recorded rather its just call backs to certain events, Death ruled over 100 years, Low ruled somewhere near that, and so on and so fourth.

But here's something that isn't mentioned, Lowbloodian lore only mentions those that rule when we are not in isolation, there was two kings in between me and The first king of corpses.

They didn't rule long, as for the first king well, the war with rapture along with supressing the abyss was far more longer than the others.

But during the war with rapture an orbital strike hit one of our areas as I crawled out of the hell hole facility I was kept in for... Countless years, the experiments on me weren't as mindbreaking as others but I have been through some rough ones, so much so that I have technically died.

And while I have been tortured for so long and my mind may be broken to some extent, I've recovered over the long time. Sanity may have slipped out of my hands at some point it seems I grabbed it again down the line.

Those of the dark hand wanted to cover up their mistakes as their sub organization has ties with many others, well use to, as I have gotten my revenge, at least I think I've gone through enough lives.

I must say, you have me slow clapping as Im reading, but i must ask the question, you seem to be getting the number seven repeatedly, I was shot down with bullets around seven times before they just tied me down. And the organization holding a large number, but I would consider it only being one.

Truly I admire the dedication."-Luden

"Great, a bunch of Asiatics. There's something admirable to be said about breaking away from the Judeo-Bolshivek Soviet Union and throwing off that chain of degeneracy, but that still seemed to leave more degenerates behind, namely in the form of this Directorate. Sure, they learned not to completely submit themselves to

President Miller's Status:

Shuffling papers on his desk for the third time in a row, unamused.

the corrupting influence of liberal democracy that corrupted the United States long ago, but unfortunately a spiritually inferior people will always lead to weakness, still clutching on to what remains of their democracy. I have no doubt Jew-corrupted religion also permeates among your lower classes as well. Your Directorate lacks discipline, letting a group of petty people fight for power, not even being able to formulate a state-approved response. So too are the Asiatic 'people' it rules underneath - expecting some sort of material comfort that the Soviets couldn't provide. It's sad, frankly. All of you are irredeemable scum!

"Poor fools, I can only attribute to youthful ignorance the foolish idealism with which they seek to guide their people and their lives- ruling is not for justice, no more than living is for loving! It's for enjoying yourself, letting your baser desires rule you as you rule your people, at the edge of an impulse rather than a pen! What poor fools they are, to limit themselves so- though, I suppose I shouldn't laugh or mock too harshly, for I used to be like them, when I was just as young, though perhaps only half so naïve... Ohhh, if only I could teach you true pleasure before the both of you realized how folly-ful your actions are, and the ultimate failure which is destined for each and all of us..."

-[Trokondas](#), Lord of Isauria, & King of the Romans say 'live a little'.

"Oh... uhm... is it truly fine for my opinion to be expressed? Ah, uhm, okay then... Charles seems like a very nice person, who would surely hate me for my wickedness, as all good and fair-minded people do... I would like to imagine that they might- that is to say, I wish it were possible that- well, I know it is impossible for a good person to love or like me, but... I would not find it unwanted to experience some kindness from him. Of course, his one and only beloved would never allow such kindness towards one such as myself, which is entirely appropriate, I know, I know, but... I wish, despite such fair-minded judgment, that- given her evil nature, she might one day view me as her friend... pathetic and weak as I am."

-[Euphrosyne](#), the Princess of Isauria, having kinda a bad day, probably.

Take 2 on being active, let's see how it goes!

Alt. of [Hamatu](#)

Late Medieval (Set 1239 CE). A Byzantine Successor State. Maybe Magical, Maybe Not. Has Some Indigenous [Anatolian](#) Influences
Technically Religiously Syncretic (Byzantine Orthodox Saints - [Ancient Anatolian Deities](#)). Not Crusaders (Again, Not Crusaders). But Definitely Character-Oriented ([Lord Trokondas](#)/[Princess Euphrosyne](#)/Lady Bassaine)
