The Vesperian Social Republic ["Until Victory, Forever!"](#)
Tech Level: PT/FanT | **Ideology:** Ordosocialism

An emergent, embittered superpower forged from the hellish flames of a revolutionary war that overthrew the last stronghold of decadent, plutocratic democracy in the New World. Born into a broken world, surrounded by reactionary powers from without and hounded by the specter of traitors within, Vesperia's revolutionary leadership rules with an iron fist, all but intent on crushing every capitalist, imperialist, and hereditary reactionary within its bloody grip.

Factbooks and lore currently under construction.

Ittonia, an island at the northernmost of the north sea experiencing great history, and culture

From the Prussian colonization era to the discovery of Haeven (Now dying) This nation developed itself and doesn't hesitate continuing! Now, we're trying to do our best in this great world. (Even though it doesn't always work out, LOL)

So now, we honorably sign this post in the name of our nation: The Republic of Ittonia
