The Supreme Leader, Zevqir

So which kind of ugly creature do I now how to give my opinion about?! Sara Leader? What a stupid name, and that it is not even your actual surname makes it worse, because then it means that you were given a name that stupid, when you were old enough to say no. This proves that the average intelligence of the alien really is that low. That's why your kind destroyed **Ultra-Galactica**, you god-murdering filth. Ok lets go further into the

bio.

So you lived a fairly normal life. What does that mean? I want to know the specifics of it so I can easier insult your pathetic alien lifestyle. Did you go to an education center or are aliens to dumb for that? Do you belief in your own, far inferior **Ultra-Galactic?** What kind of ideocy did you do in your childhood? So many missed oppertunities to insult you.

Then you were given a leadership position because of nepotism. How typical of alien scumlike you. I earned my position of leadership, you just gained it on a silver platter. You are later even admritting that favoritism played a role. Even tough you were so sloppy that you got captured during a civil war. Typical behavior that is to be expected fromalien scum. Then after beeing freed, you were appointed leader, meaning that you got another leadership position handed on a silver platter. You got everything in your life for free. You are not a leader, you're a fraud. But that's basically what I expected from aliens. If you got captured by a bunch of "communists" whatever that means, then some of our brave

troops can easily
kidnap you and
sacrifice you for
the glory of

*So this *thing* called Zevqir is unfortunately the first extraterrestrial intelligent lifeform I have ever encountered in my life. I *seriously* hope his kind isn't the only one out there in the galaxy besides us humans.*

*Why, whoever might be reading this may be wondering? Well, not only does it look *absolutely hideous*, but it apperantly also wants to bring back some kind of dead empire by... sacrificing 'aliens' in order to bring back the gods that used to rule it? What the fuck... Oh and apperantly the nomadic fleet he is in charge of is even more rapid on decline since he took power.*

Well, it seems to me that this Zevqir thing here is not only insane, but also grossly incompent. The fact the entire fleet hasn't fallen apart due to mutiny yet is a true mystery."

Inogo Estima: Ok, long time no see Yunru. Lets see how are you doing these days... oh ok. You still look like a sleep-deprived heroin addict and I still can't tell if that's your hair or a fur hat. Anyway, I don't really have any major complaints about you since you're just someone trying to defeat epsilon. Admittedly you can get a bit authoritarian, especially with the whole shoot anyone who looks like he supports yuri policy but hey war is war and you're leading an

army, not a parliamentary social democracy. Like your husba.. I mean guard Tolya, I actually kind of feel bad for you since you're life is you know, not the best. Tolya was conscripted and you are forced into being a military engineer, making machines of war and trains? Ok that's interesting. But still being forced to learn hard maths and sciences isn't fun though I wonder what are your life plans have you not been forced by the PLA to become an engineer? I have good news for you however, San Horo is about to call you a traitor for abandoning the Chinese motherland but he mysteriously got ran over by a bus... so yeah.

Kaoma Haishi: I like your dedication to efficiency and the fire that is in your heart of never giving up even if things turn to shit and I even like how you disobeyed Beijing's orders and decided to flee. At least this shows that while you are patriotic, you aren't blindly loyal. but I'm actually concerned at your mental health. How can you make good decisions when you literally look like a sleep-deprived heroin addict

as Inogo said? Considering you have an iron grip on the paramilitary if the brain of the paramilitary is dysfunctional... that's actually detrimental to the survival of your beloved organization. I can't believe I'm saying this but you need a break and if you need help, just someone to talk to and tell all of you're fears, I am open to it. However, I overheard something about trains? What kind of trains did you use to make? We can make a business deal to replace aging Arunday metro 2000 series trains? That would be nice.

I am really confused as to why you are considered insane. You seem perfectly sane and as much as i hate to admit it you run your state decently, i would

recommend monitoring your people a lot more as they have too much freedom and maybe actually conquering countries, causing them to collapse is good but pointless if you don't take the land. Your military service is questionable as i doubt a ten year old would be allowed to serve in the army. The only problem i have with you is that you are a terran and a drunkard but those can both be fixed.
