This is as cringe a take as it gets

I can't say I didn't expect it, coming from a sociology student and radical socialist. Learn basic economics and combine that with social theory mate, and you'll understand: markets efficient but exploitative without some regulation, and government inefficient but needed to distribute basic welfare benefits.

The only thing this will earn you is a firing squad on all sides.

Look I am all for pragmatism. But surely you have eyes to see that the center is being ripped apart.

#### Basic Facts

An industrialized Ukraine that is gradually being integrated into the European Union. With peaceful relations with all our neighbors since we are all under one European, security framework.

Except from centrists, that is. I would be made their leader for being confident enough to speak out, but we can't decide on anything so that's not happening. ☐

Yeah, the reason I believe in centrism is because 9 times out of 10 it works, yet it is being ripped apart by increasing political extremism. "When Injustice becomes law, resistance becomes duty." (#NotACentristQuote.) I won't believe in an ideology I oppose just because everyone hates the one I believe in. And centrists betray the true centre by supporting the extremes (as in Brazil, probably will happen too in Argentina now with Milei), which makes it almost impossible for them to moderate their views later. Sad, but that's the society we live in. And as a centrist, I want to fix that with pragmatic centrism.
