Honestly, when it comes to religious concerned mothers, at this day and age, what do they not consider as satanic propaganda?

Forgot to update, now they're paid as good as the average Chilean.
but Chileans are still paid relatively well (I think) so I still don't see why that's still the case

Interesting that an isolated city-state needs a DEFCON level. Actually depending on the lore that might be terrifying

AFRIKAN STAAT

It is an apocalyptic total war of survival. A death crusade between two forces: that of the White race against the Serpent. Only one side will win and inherit all of Africa, for the other will be utterly and completely annihilated.
