That rather ornate circular icon on their flag is the seal of the House of Susa, the government's official insignia.

A federal absolute monarchy governed by elves with lasers, motorcycles, and giant robots.

Their anthem is militaristic and soldierly (I suspect it might have been a war marching song before it became an anthem), which is in tune with the fact they're not a "nation", and more a nomadic fleet.

This country could easily fit in as a real-world country, and they also seem to be a rather opportunistic nation.

"Free will is a myth. Religion is a joke. We are all pawns controlled by something greater: Memes. The DNA of the soul. They shape our will. They are the culture - they are everything we pass on." - *Monsoon, Metal Gear Rising: Revengeance*

*Disclaimer: This nation only uses some of the policies and stats stated. They will be stated if used, but are otherwise to be ignored.

No, this nation and its flag is NOT based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.
