Well, one way to guess better about AU's location is the use of forum post-history. Posadists-Communalists seem to, to post between 18:00 and midnight in my timezone. Its like a hour off from my post times. I'm going to say the UK.

Hmm... you can't guess from timezones alone for sure, what if they just post in what is midnight for their timezone?

AN: America, probably somewhere on the East Coast, either Minnesota or New England

Judging at the consistent times that Sanghyeok's AU begins to post, I'm confident that its either in the UK or in New York, USA

Given that they also mentioned the places several times in their Dispatches, and I simply doubt they live in a non-Anglophone country
