Pungent Stench - *Apotemnophilic*

Even more Austrian death metal, still from the 2004 **Ampeauty** album.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

My favourite is probably The Hardest Button To Button. Not easy to choose though.

Radiohead - Just

From: The Bends (1995)
Genre: Alternative rock

And then this is one my favourite Radiohead songs. ☐

Radiohead - *High and Dry*

From: **The Bends** (1995)
Genre: Alternative rock

My favourite song by Radiohead, though Creep is a very close second.

Listening to this.

That one's beautiful. Creep is my favourite tbh.
